## WHO WE ARE

The Lalit Group is a global conglomerate that has earned a place in the prestigious Fortune 5000 list. The Group has a strong foundation of stakeholder value creation and is supported by a dedicated workforce of over 2500 employees. With over four decades of responsible business practices, the Group has established itself as a dominant player in various sectors, including flour mills, packaging, logistics, jute, and cotton bags.

Today, more than half of the Lalit Group's revenues come from overseas operations spread across ten countries in North and South America, Africa, Asia, and Europe. The Group has built a reputation for itself as a responsible business entity that takes into account the interests of its stakeholders.

## OUR BUSINESSES

Empowering industries with our innovative solutions for sustainable growth and success.

### Lalit Poly Weave LLP

From concept to delivery, our packaging business creates tailored solutions that protect, enhance & showcase products with utmost care.

### Lalit International

It offers sustainable and stylish solutions, providing eco-friendly alternatives for everyday carry while supporting local communities.

### UFM Industries

We export premium agricultural produce worldwide, connecting farmers with global markets and promoting sustainable agriculture.

### Smera Logistics

It ensures seamless transportation, efficient supply chain management & timely delivery, enabling businesses to thrive in dynamic market.

# OUR PRODUCT RANGE

Meticulously crafted with precision and innovation to meet the highest standards of quality.

## Jute & Cotton Bags

Jute & cotton Bags are fantastic eco-friendly substitutes for promotional and shopping bags. They have a wide variety of uses from shopping to heading to the beach. Jute, one of the strongest natural plant fibers, can also be used to make bags. It's a long, soft, shiny fiber that can be spun into coarse, strong threads. Jute fabrics are carbon-dioxide neutral and naturally decomposable, making it an extremely eco-friendly textile. While cotton grows best in warm, humid climates, thus India, Bangladesh, and China are the main producers of it. So, if you're looking for an eco-friendly alternative to plastic bags, consider opting for personalized cotton or jute bags.

## FIBC Bags

Flexible Intermediate Bulk Container (FIBC), commonly known as Bulk Bag or Jumbo Bag, is an ideal packaging solution for storing and transporting bulk products. At Lalit Packaging, we offer a wide range of FIBC bags that are manufactured using high-grade polypropylene woven fabrics, ensuring maximum durability and reliability. Our FIBC bags are available in various load capacities ranging from 500 kgs to 2000 kgs, with a safety ratio of 5:1 or 6:1 depending on the design and size of the bag.

We offer customized solutions that cater to the specific needs of our customers. Our team of experts works closely with clients to develop the right FIBC bags with the required filling, discharging, and handling options. Our end-to-end in-house vertically integrated manufacturing in Assam ensures that we use the latest technology to develop efficient and economical solutions that meet the increasing challenges of global bulk packaging. With our commitment to quality and customer satisfaction, Lalit Packaging is the preferred choice for all your FIBC bag needs.

# LALIT GROUP

The story of the Lalit Group begins with Shri Mahaveer Prasad Jain, a self-made young entrepreneur from the town of Silchar in undivided India. He started his entrepreneurial journey with the flour mill business in 1975. Over the years, the Lalit Group has expanded its operations under the able leadership of Chairman Shri Mahaveer Prasad Jain, supported by his son Shri Vishal Jain and Avishek Jain.

The Group has diversified its businesses into various sectors such as flour mills, packaging, logistics, jute and cotton bags spanning across continents. The Lalit Group employs around 2500 people and has offices in several key cities worldwide, including India. The Group believes in traditional family values and has always striven to inculcate these values in its business enterprises. The Lalit Group has a proven track record of responsible business practices, and its commitment to creating value for all its stakeholders is reflected in its success. The Lalit Group is a shining example of how a business can grow while still being responsible for society and the environment.

At Lalit Group our vision is to be a leading innovator in the industry, constantly pushing the boundaries of product design and development to meet and exceed the expectations of our customers. We strive to be at the forefront of creating new and innovative solutions that fulfill the evolving needs of our clients while maintaining our commitment to sustainability and social responsibility.

## OUR PARTNERS

The cornerstone of our success and growth.
